

WTSC Kids Club Covid-19 Protocol

Our goal is to effectively communicate the best practices we have put in place to ensure safe programming.

The following protocols must continue, per CDC guidance:

- Promoting healthy hygiene practices.
- Intensifying cleaning, disinfection, and ventilation. The Club has invested in HVAC equipment provided by Thinklite Air to monitor and clean the air in Kids Club, as well as daily electrostatic spraying with CDC approved Covid-19 disinfectants that are safe for children.
- Limiting sharing.
- Checking for signs and symptoms upon entry and their stay.

WHAT TO BRING TO KIDS CLUB

- 2 Name-labeled facemasks.
 - Any labeled food/drink for child.
- *NOTE: Please DO NOT bring any personal items such as a stuffed animals, ipad, video game console or phone.

DROP OFF AND PICK UP

- We will enforce the wearing of face masks by children/parents/guardians when on the premises and at all times during drop-off and pick-up at the Kid's Club. Children under 2 do not have to wear a mask per CDC and DPH guidelines.
- Parents will be asked the following 4 questions and then their child will be asked to complete a non-contact temperature check:
 1. In the last 72 hours has our child experienced a fever, chills or loss of taste or smell?
 2. Does your child have any respiratory symptoms, cough shortness of breath or difficulty breathing?
 3. Has your child traveled internationally or to a high risk state over the last 14 days?
 4. Has your child been in contact with an individual who has tested positive for Covid-19?

*NOTE: If you answer YES to any of the 4 questions above or score over a 100.4 temperature, your child will not be allowed to attend.
